

## A chip that never grows old.

**Philips Nexperia chips.** The rate of innovation in multimedia technology means that new products very soon become old products. Philips Nexperia chips have been developed to respond to the next advances in digital video and audio technology. This eliminates complexity, allowing for easy upgrades without altering the physical design. It just makes sense. Join us on our journey at [www.philips.com/simplicity](http://www.philips.com/simplicity)
